

MDConsult provides online access to a core collection of full text books, journals and other resources in the area of clinical medicine as well as a specialty package of electronic resources in pain medicine.

Content includes:

- Full text medical/surgical full text books.
- Full text medical journals and the “Saunders Clinics of North America” series
- MEDLINE
- Drug information
- Clinical practice guidelines
- Customizable patient education handouts
- Daily personalized clinical updates
- Online CME

Accessing the system

- Start at the library web site – <http://www.cpmc.org/hslibrary>
- Click on the “MDConsult” link located in the purple left navigational box
- Check the collection you want to use; only check the Pain collection (where we only have a single license) if you are looking for resources in pain and/or anesthesiology.

Accessing MDConsult full-text from PubMed

Use the PubMed link from www.cpmc.org/hslibrary

PubMed will be able to link you to the full text online articles the Library has purchased in advance from a variety of sources including OVID, MDConsult, publisher web sites and other resources. You may need to enter an Ovid or MdConsult id/pw if you are off campus. Look for the icon:
