Car Seat Companion Car Mirror
 This mirror fits onto your car's back seat to make it easier to watch baby while driving. An adjustable neck lets you move the mirror so it's out of your baby's line of sight, but easy for you to view from the rearview mirror. Available in tan, blue, yellow, black and leopard print. **\$20.00**

Over the Shoulder Baby Carrier™
 An excellent way to bond with your baby, a baby sling promotes parent-infant contact. The over-the-shoulder design frees up your hands and fits comfortably across the body. Baby on the Go

My Brest Friend

New mothers love this pillow, which helps properly position your baby for nursing while supporting your back, arm and elbow. The pillow design wraps around your waist and the Velcro closure ensures that it stays in place. The flat, firm surface discourages your baby from falling asleep while eating. Available in various prints. **\$39.99**

Medela® Breast Pumps

A breast pump provides you and your baby with feeding options and flexibility. Newborn Connections carries Medela Pump in Style® and Mini-Electric pumps for sale as well as the Avent manual pump. The Pump in Style comes in both briefcase and backpack models. We can help determine what style works best for you.

Purelan Ointment

Sore nipples can be a frustration of nursing mothers, but Purelan ointment can help. This all-natural, hypoallergenic lanolin creates a moisture barrier, allowing skin to rehydrate from within. Purelan is also safe for your baby, so the ointment doesn't need to be removed before breastfeeding.

Avent Bottles and Conversion Kit

If you are using bottles to give your baby expressed breast milk or formula, consider the advantages of the Avent feeding system. Avent's patented anti-colic nipple allows air into the bottle rather than your baby's stomach, thereby reducing gas and colic. A conversion kit also enables you to pump into Avent bottles, which have a wider mouth than the standard pump bottles.

 Conversion kit **\$9.50**
