**AUTHORIZATION FOR SERVICES**

Immunizations are provided at standard rates. Charges may be billed to your HMO if you have Travel immunization benefits (Brown and Toland Medical Group members only). Otherwise, payment must be made at the time of service.

For all other insurances, if travel immunization is included in your benefit we will submit the claim for you. You will be billed for any remaining balance that is not covered.

In addition to immunizations, a comprehensive service is provided. This includes a medical travel history, travel advice (regularly updated with computer printout) and prescriptions as needed. There is a fee of (\$25) twenty-five dollars which is charged at the time of visit, which is not covered by insurance.

I understand the services and financial responsibilities described above and request provision of these services.
